Art Unit: 3662

1. Claims 1-7 are allowable over the prior art of record.
2. Claims 8-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

On lines 3-4 of newly-added independent claim 8, the phrase “radiating, from a radar, transmitted waves outside the vehicle, and detecting, in the radar, reflected waves of the transmitted waves” is confusing and unclear. Among other problems, the phrase seems to say that the “reflected waves” are from inside the radar, which is not properly descriptive of the disclosed invention.

On line 7 of claim 8, the use of “may” is potential language that makes the claim language indefinite and unclear. The phrase “may be sensed” should be rewritten as “is sensed” or something similarly clear and definite.

On line 11 of claim 8, the phrase “judging an operating state of the method” is indefinite and unclear in context. It is not clear what this action of “judging an operating state” is in context.

Dependent claims 9-14 are unclear in that they depend from unclear independent claim 8.

3. Claim 8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 3662

4. Claims 9-14 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernarr E. Gregory whose telephone number is (703) 306-5765. The examiner can normally be reached on weekdays from 7:30 AM to 4:00 PM.
